

# L.S.G. Whole School Development Plan 2017-2018

## Target Areas

### Improving Attainment and Progress

- Develop consistent systems for tracking and monitoring student attainment and progress
  - Use data to implement attainment-raising interventions in support of Vision 2021
- Introduce updated Performance Management system to include data-informed targets
  - Develop and monitor innovative T&L strategies to support attainment and progress
- Develop robust and consistent formative assessment mechanisms, which are moderated across the school.
  - Promote English Language Acquisition in all lessons across all subjects
    - Embed and monitor new curriculum initiatives
  - Develop a supportive and effective feedback culture

### ICT Development

- Use of technology to redefine and enhance the complete learning process, across the curriculum
  - Use technology to better engage and inform all stakeholders
  - Support staff in their technology development

### Adapting Student Provision

- Raise aspirations throughout the whole school community, in-line with targets of Vision 2021
  - Adjust curriculum provision to meet changing student needs and Vision 2021 goals, including introduction of UAE National Curriculum and Moral Education
- Modify timetable, staffing, school environment and scheduling to create optimum/required student provision
